CONSENT TO OBTAIN MEDICATION HISTORY

GULF COAST EYE CENTER, P.A. has adopted an electronic medical record system in order to improve the quality of our services. This system also allows us to collect and review your "medication history". A medication history is a list of prescription medicines that we or other doctors have recently prescribed for you. This list is collected from a variety of sources, including your pharmacy and your health insurer. An accurate medication history is very important to helping us treat you properly and in avoiding potentially dangerous drug interactions. By signing this consent form you give us permission to collect, and give your pharmacy and your health plan permission to disclose information about your prescriptions that have been filled at any pharmacy or covered by any health insurance plan. This information will become part of your medical record. The medication history is a useful guide, but may not be completely accurate. It is still very important for us to take the time to discuss all medication you are taking including over the counter medicines, supplements or herbal remedies.

Yes I give permission for you to obtain my medication history from Surescripts. **No I do not give permission.**

REFRACTION POLICY

Refraction is the process of determining the eye's refractive error, or need for corrective spectacle and/or contact lenses. It is an essential part of an eye examination, but is NOT a covered service by Medicare or most insurance companies. Our office fee for refraction is \$60.00 and this fee is collected in addition to the patient's co-pay, if paid on the date of service our discounted fee is \$45.00. If filed to insurance you will be responsible for entire fee of \$60.00. I have read the above information and understand that the refraction is a non-covered service. I accept full financial responsibility for the cost of this service. The co-pay is separate from, and not included, in the refraction fee.
